

MOVIX
ELECTRIC MOTOR
FOR MANUAL POLISHING

MOVIX is the right solution for manual polishing work in mould manufacturing and mould repair.

Benefits

- 25 000 RPM / 900 W / 230 V
- Powerful electric motor with flexible transmission
- Light weight and ergonomic to allow a very precise job
- Adjustable rotation speed using foot pedal or hand control with regulator
- Various high quality, robust and long-life equipment available
- Quick change tool-holders for a better flexibility without replacing the polishing tool
- Safety pins acting like a fuse between the flexible and the tool-holder

We also provide **high quality abrasives** especially designed for **high rotation speeds**

SONICAM

MOVIX motor & equipment

MOVIX		
	Ref.	Description
	011.500.100	MOVIX Electric motor with speed inverter (option: hood pedal protection)
TOOL HOLDERS & COLLETS		
	011.500.008	Holder 6PJ
	011.500.009	Holder PRJ
	011.500.010	Holder 90°
	011.500.018	Collet Ø 3,0 mm
	011.500.024	Collet Ø 6,0 mm
STANDARD FLEXIBLES & FLEXIBLES WITH EXTENSION		
	011.500.105	Soft flexible drive shaft, sheath Ø12mm, cable Ø4mm, length 1.60m (available lengths: 1.20m and 2.00m)
	011.500.106	Reinforced flexible drive shaft, sheath Ø15mm, cable Ø5mm, length 1.60m (available lengths: 1.20m and 2.00m)
	011.500.107	Reinforced flexible drive shaft, sheath Ø15mm, cable Ø6mm, length 1.60m (available lengths: 1.20m and 2.00m)
	011.500.144	Reinforced flexible drive shaft with extension 150mm, sheath Ø15mm, cable Ø5mm, length 1.60m (available length: 2.00m)
	011.500.145	Reinforced flexible drive shaft with extension 150mm, sheath Ø15mm, cable Ø6mm, length 1.60m (available length: 2.00m)
	011.500.142	Reinforced flexible drive shaft with extension 300mm, sheath Ø15mm, cable Ø6mm, length 1.60m (available length: 2.00m and cable: Ø5mm)
ACCESSORIES		
	011.500.025	Pack of 50 safety pins in bronze for joint
	011.500.086	Oil for holder (125 ml)
	011.500.087	Oil for flexible (125 ml)

- Special equipment upon demand
